Adopting a Puppy?

New Dawn Animal Behavior Center has a Puppy Pre-School class series for you. This class includes the puppy S.T.A.R. Program designed by the AKC and is open to puppies of all breeds and mixes under six months of age. The six-week class includes socialization, house training, chewing, and puppy manners.

Adopting an Adolescent or Adult Dog?

New Dawn Animal Behavior Center also has the manners series called Basic Manners for dogs over six months of age. You and your dog will learn basic manners to ensure a strong relationship built on trust. Skills we learn and practice include: sit, leave it, down, stay, walking nicely on leash, and coming when called. This six-week class includes many important discussions on stress in dogs, human and canine body language, training methods and more.

From there, we have Intermediate and Advanced Manners series. These classes are open to graduates of the Basic Manners series and take you and your dog's training skills to a higher level. Our Advanced Manners class includes the AKC Canine Good Citizen Evaluation which focuses on skills such as: recall, appropriate greetings of dogs and humans, heeling, and many more essential skills.
